CAREER OBJECTIVE

Aspiring ethical hacker with a strong passion for cybersecurity and a deep interest in app and game development. Highly motivated to enhance my technical expertise and contribute to the evolving field of ethical hacking by identifying and resolving security vulnerabilities. I am eager to leverage my programming skills and creativity to develop secure and innovative applications.

SKILLS

- Python
- C++
- Java
- HTML
- Penetration testing, vulnerability assessment, network security
- Front-end and back-end development using HTML and Java
- Game design principles and coding
- Excellent analytical and troubleshooting abilities

EDUCATION

Bachelor of Computer Applications (BCA)

[Your College Name] - [Year of Completion]

WORK EXPERIENCE

- Developed and deployed multiple web applications using Python and Java.
- Conducted penetration testing to identify and resolve security flaws.
- Created small-scale mobile games using C++ and Java.
- Improved website security for local businesses through secure coding practices.
- Participated in cybersecurity challenges, developing problem-solving skills.

PROJECTS

- Web Application for Secure User Authentication - Developed a secure login system using Python and JavaScript.
- Multiplayer Game (Android Platform) - Created a real-time multiplayer game using C++ and Java.
- Network Security Analysis Tool - Built a Python-based tool to analyze network traffic.

CERTIFICATIONS

- Certified Ethical Hacker (CEH) - In Progress
- Python Programming - [Institute Name]
- Java Full Stack Development - [Institute Name]

LANGUAGES

- English
- Tamil

INTERESTS

- Cybersecurity
- Game Development
- Ethical Hacking
- App Development
